## COMPANY PROFILE

Hascevher started its operations in Kahramanmaraş in 1993 with 100% domestic capital. As of today, we are the largest stainless steel cookware manufacturer in Turkey. With exports to 113 countries across 5 continents, Hascevher holds a significant position in this field. We are also present in all 81 provinces of Turkey and in major chain stores.

With our automation systems, we have a daily production capacity of 50,000 stainless steel pots, and 50,000 ceramic and granite pots. Our product range includes over 5000 items such as stainless steel, ceramic, granite, and roller pots, pans, teapots, coffee pots, pasta pots, and special HORECA series for hotels, restaurants, and cafes.

Following the latest technology trends, we have increased our efforts in recent years. In 2019, we established our design center approved by the Ministry of Science, Industry and Technology. By increasing the variety of our design-focused innovative products and producing high value-added, user-oriented items, we will continue to be indispensable in kitchens in the new year.

## DESIGN CENTER

### Mission

The mission of Hasceveher Design Center is to cooperate with universities and other institutions and organizations, We design original products and use existing products by accessing all data fields needed for design. They are people who can develop their own region and country, conduct research by producing their own resources, and develop industrial and technological resources. By contributing to the development of its structure, it has achieved global competitiveness and national competitiveness in every field related to design. is to be the decisive center in strategies.

### Opinion

The vision of Hasceveher Design Center is to constantly update its infrastructure in design research and guidance. To be a pioneer, exemplary and respected design center that plays an active role in design services.

## DESIGN PROSESS

### Market Research

Before any product development, we will do a large of rigorous and careful market research in advance, from the perspective of the user experience to improve the details of each kitchen utensils and appliances, according to the feedback of continuous optimization, to design the most suitable for your life that occupy the home kitchen utensils and appliances.

### Concept Sketches

Idea of the design effect is combined with the product process of heavy and complicated, it is the core of the product design. And concept sketches can help our tentative reach the outline of a product prototype, sketch rendering details so that we further in-depth research and development.

### Design Concept

After collecting the results of the market research, an optimization design concept which is suitable for your life is formed initially.

### Final Confirmation

At the completion of the detection of a large number of heavy and complicated work, design work, after work, all data, unified assessment, for the product appearance and performance are consistent affirmation, new attractive products will be officially released on the market.

### 3D Modeling

3D modeling can let our designer design sketches of rapid molding in the computer, in real life scenario, can simulate the perfect experience in real kitchen after birth.

### 3D Printing

3D printing technology to help us quickly get designed products, CNC forming technology is let our further details of the process to get perfect embodiment. To make our products eventually the model with worth a look.

# OUR HISTORY

**1996**

The first company producing pressure cookers in Kahramanmaras.

Tredemark mark of Hascevher is officialy registered in Turkey.

**1999**

The first company attending in an international fair in Kahramanmaras.

The first exporter firm in its sector in Kahramanmaras.

**2004**

Had CE certificate by TUV pressure cookers.

Reached a capacity of 24.000 pots per a day.

Take LAREX Certifiace for pots Romania.

Hascevher registered its tredemark in 27 countries according to Madrid Prodocol.

**2007**

Corporate Identity & Image facilities started.

**2010**

The new investmenst in autamation began.

**2011**

30.000 pcs stainless steel cookware production per a day.

**2014**

Began production of Non-Stick.

**2015**

Reaching 10.000 Non-Stick produtcion capacity per a day.

**2019**

Hascevher Design Center was established.

**2021**

Roller coating line was established.

**1993**

Hascevher Company was established in Kahramanmaras.

**1998**

The first company having TSE certificate on it's sector in Kahramanmaras.

**2001**

Reacing 10.000 pots production capacity per a day.

**2003**

The first firm in Kahramanmaras Industrial Area.

**2005**

Had CE certificate from Istittuo Giardano in Italy for pressure cookers.

Starting integrating quality management and information systems into the workflow or our erterprise.

Management and Information Systems began work in 2005.

**2008**

Innovation and R&D facilities started.

**2009**

Hascevher registered its tredemark in 34 counturies, according to Madrid Protool.

**2012**

Have started to work for the ISO 9001 quality certificate.

**2013**

We export to 60 cunturies in 4 continents reached.

**2016**

Reaching 30.000 Non-Stick production capacity per a day.

**2017**

We export to 90 countries in 5 continents reached.

**2024**

Hascevher Holding was established.

# GRANITE COOKWARE

TRACES OF HISTORY IN YOUR KITCHEN

## GERMANITIUM

THE ART OF THE PAST MEETS THE POWER OF  
GRANITE WITH GERMANITIUM!

Germanitium, named after the ancient mosaics of Germencia, brings the historic elegance and robustness of granite to your kitchen. This special granite-coated cooktop combines the art of the past with modern cooking technologies.

For product  
promotion

## Germanitium Granite Coating

The surface of Germanitium pots is reinforced with a highly durable granite coating. Resistant to abrasion, scratches and impacts, this coating also retains its color and structure when in contact with high temperatures.

## Ergonomic Heat Resistant Handles

Germanitium pot handles are made of high temperature resistant materials and provide a comfortable and safe use thanks to their ergonomic design. It offers comfort during cooking with its non-flammable and non-burning structure.

## Durable Tempered Glass Cover

The glass lid is made of shatter-resistant tempered glass. Resistant to high temperatures, this lid keeps the heat in and allows you to watch your food.

CRAFTSMANSHIP OF COPPER, POWER OF GRANITE

# COPPER

THE ELEGANCE AND CRAFTSMANSHIP OF COPPER COMBINED WITH THE STRENGTH OF GRANITE

The Copper series is inspired by the elegance of handcrafted copper.

Bringing the warmth and sophisticated aesthetics of traditional copper to your kitchen, this cooking group offers superior durability and performance with its modern granite coating.

Combining copper's historical craftsmanship with modern technology, Copper brings elegance and quality together in your kitchen.

## 5 Pcs Cookware Set

| Artical Code  | Size | Product     |
|---------------|------|-------------|
| ESTCKK0005029 | 22cm | Pot         |
|               | 26cm | Shallow Pot |

|               | 26cm      | Fry Pan     |

## Stainless Steel Handles

Durable stainless steel handles ensure long-lasting use and secure grip.

## Glass Lid

Thanks to the transparent glass lid, you can observe the cooking process and ensure maximum control.

## Granite Coating

The non-stick surface allows you to cook your meals in a healthy way with minimum oil.

### Safety Valve

The safety valve, which safely relieves excess pressure that may occur during pressure cooking, ensures complete safety during use. It keeps possible pressure spikes under control during cooking.

### Easy On/Off System

The ergonomically designed Galaxy series offers a safe and comfortable use thanks to its easy on and off system. The lid mechanism of the product ensures complete safety during cooking and is user-friendly.

### Cooking Vent

The cooking valve, which allows steam to escape in a controlled manner during cooking, ensures that food is cooked at the ideal pressure and temperature, and delicious results are achieved with balanced steam management.

### Ergonomic Handles

Heat-resistant bakelite handles ensure that the Galaxy series offers users both safe and comfortable use. Its ergonomic structure provides safe transportation by preventing temperature transfer.

### Stainless Steel Body

Manufactured using durable, high quality 18/10 stainless steel material. This material resists corrosion and rust while withstanding high temperatures, ensuring long-lasting use.

## Pressure Cooker

| Artical Code  | Size | Liter |
|---------------|------|-------|
| 30TYDK1524006 | 24cm | 15lt  |
| 30TYDK1724006 | 24cm | 17lt  |

### Laser Marking and Capacity Information

We track the production of pressure cookers using serial numbers. Additionally, we indicate the capacity and the maximum water level on the body of each pressure cooker.

### Cooking Valve (0,55 bar)

Use for cooking. It constantly discharges surplus steam regularly to prevent the pressure from increasing.

### Induction Capsule Bottom

Gastro series offers energy efficiency and excellent heat distribution with its induction capsule base. Induction capsule base is suitable for all types of gas, electric, ceramic etc. hobs.

### Safety Silicon (2 bar)

Safety silicon in protected position, for total safety who's cooking. If the valves are not working to release the pressure, safety silicon is going out to release the pressure in the pressure cooker.

### Safety Lock Valve (1,10 bar)

Avoid accidental opening of the lids. When there is pressure in the pressure cooker, Safety lock valve is going up and locks the lid. In the same time, If cooking valve is not working, safety lock valve starts to work to release the pressure.
